

Industrial Equipment

**ABOUT ETA Technology Private limited**

Launched in 1991 at Bangalore, the centre of machine tool industry in India. From our humble beginnings by the design and manufacture of friction welding machines, we have come a long way in the machine tool industry now. ETA has more than 1000 operation machines across 20+ countries worldwide.

**Challenge:** •3D files contain many references, associations, and interrelationships that link them to other files. These parts, drawings, bills of materials (BOMs), multiple configurations, analysis results, and assemblies need to be managed, preserved, and safeguarded.  
•Engaging in design collaboration, design reuse, and increased cooperation among previously isolated departments, customers, and external partners.

**Solution:** SOLIDWORKS PDM SOLIDWORKS Enterprise PDM tracks and records every event, each design stage, and every version that impacts a specific set of design data. SOLIDWORKS Enterprise PDM allows product developers to securely manage product design data, effectively control access, and virtually eliminate the potential for loss of data.

**Benefits:** •Managing Product data effectively and revisions made are appropriately monitored.  
• PDM allows manufacturers to set up, administer, and adjust the characteristics of their Vaults to meet their unique development requirements.

We were able to streamline our release and change management processes tremendously by implementing SOLIDWORKS PDM. SOLIDWORKS PDM has become a critical cog in our Product Development process and has helped us move towards a Single Source of Truth

*“SOLIDWORKS PDM has become a critical cog in our Product Development process and has helped us move towards a Single Source of Truth”*

ETA Technology Private limited

**ABOUT US**

Conceptia Konnect is an award-winning Authorized Value-Added Reseller for SOLIDWORKS, SOLIDWORKS Simulation, SOLIDWORKS Flow Simulation, SOLIDWORKS Composer (Formerly 3DVia), SOLIDWORKS Plastics, SOLIDWORKS Electrical, SOLIDWORKS Product Data Management and DraftSight. We also provide state-of-the-art solutions from DriveWorks and 3Dconnexion and handle the All India Distribution and reseller network for InspectionXpert Corporation.
