

ENERGY PROCESS & UTILITIES

ABOUT SHOBHAGLOBS Engineers Hub Private Limited

Founded in 2014, SHOBHAGLOBS is manufacturing Distribution Boxes, Street Poles, Solar Panel and Solar Power Plant. We are working towards the goal of delivering clean and more affordable energy. Our aim is to accelerate the adoption of renewable energy across the country to conserve our environment and provide one stop solution of clean energy and become industry leader.

Challenge

We are in the rooftop solar power domain and help our clients with customized rooftop solar solutions. We always have to educate our customers that their roofs are nothing but simple asset. A rooftop solar power plant can add a significant potential by making such roofs generate power.

Solution

SolidWorks helps SHOBHAG engineers to concept design as per customer need then convert refined concepts using weldment structure into accurate 3D models and drawings for manufacturing.

Benefits

SolidWorks supported our design teams to offer customized and effective solutions to translate our concept to assembly. It enabled to reduce development and lead time, and have a long term sustainable solution.

All projects executed by SHOBHAG perform optimally enabling clients to substantially reduce their electricity bills since solar power tariffs are lower than prevailing grid tariffs.

"We are associated with SOLIDWORKS for over a couple of years now and we can say it is very user friendly and informative tool. We are happy to say that it has added a new value for our manufacturing industry. With SOLIDWORKS our small team can develop new concepts and increase the productivity value." - Zuber HS, AM-Design

ABOUT US

Conceptia Konnect is an award-winning Authorized Value-Added Reseller for SOLIDWORKS, SOLIDWORKS Simulation, SOLIDWORKS Flow Simulation, SOLIDWORKS Composer (Formerly 3DVia), SOLIDWORKS Plastics, SOLIDWORKS Electrical, SOLIDWORKS Product Data Management and DraftSight. We also provide state-of-the-art solutions from DriveWorks and 3Dconnexion and handle the All India Distribution and reseller network for InspectionXpert Corporation.
