

Customer Testimonial

Srinidhi Industries

Industrial Equipment

ABOUT SRINIDHI INDUSTRIES

We are one of the leading Manufacturer and Exporter of Grinding and Mixing Machines. Owing to their sturdy construction, energy efficiency and durability, these machines offered by us are highly demanded in the market.

Challenge: Accelerate product design cycle time, improve existing product lines faster to increase production rate to get its products into customer's hands faster than with its previous 2D software capabilities

Solution: SOLIDWORKS Professional interprets the product design cycle time with its design accelerators, Standardized libraries, Better visualization & Design reviews capabilities.

Benefits: SOLIDWORKS lets us clearly see how the product will look and allows us to expand the design review process to other departments, customers, and suppliers. Doing so allows us to ensure that products are designed according to our customers' exact specifications.

Srinidhi Industries is one of the leading manufacturer and supplier of FOOD PROCESSING MACHINE EQUIPMENTS. We use SOLIDWORKS as our design software and have successfully managed to design & develop our new products.

"SOLIDWORKS intuitive Windows-based environment makes it easy and fast for engineers to modify product designs and begin crafting new products"

Nikhil.B.M - Design Manager
Srinidhi Industries

ABOUT US

Conceptia Konnect is an award-winning Authorized Value-Added Reseller for SOLIDWORKS, SOLIDWORKS Simulation, SOLIDWORKS Flow Simulation, SOLIDWORKS Composer (Formerly 3DVia), SOLIDWORKS Plastics, SOLIDWORKS Electrical, SOLIDWORKS Product Data Management and DraftSight. We also provide state-of-the-art solutions from DriveWorks and 3Dconnexion and handle the All India Distribution and reseller network for InspectionXpert Corporation.
