ABOUT Transcedence Automation Private limited

Transcedence Automation is an ISO certified turnkey solution provider for EOL in weighing, packaging & material handling in the application verticals like Food, Beverages, Pharma, Chemical, Petrochemical & Personal care etc.

Challenge: • The entire assembly of case weighed was completely challenging which include both MCAD and ECAD Collaboration and precision was at the top priority.

• Assembly visualization and motion of product was another hectic task to see how actual product works.

Solution: • SOLIDWORKS Premium and SWX Electrical helps us to integrate MCAD as well as ECAD for complete manufacturing of product with ease and with its simplified UI and animations we can easily identify the working and enhance our product further.

Benefits: • Zero errors from Design to manufacturing.

• On time Delivery of product to market.

• Leveraged design and 3D printed materials to launch kick starter campaign.

With added features of SOLIDWORKS, it became user friendly in 3D modelling and developing new designs. Conceptia Konnect is providing good service to us with on time response from last 1 year.

"Conceptia Konnect is providing good service to us with on time response from last 1 year."
