

SOLIDWORKS Network License Activation

Document	CS_SWX_TECH_002
Number	
Revision	01
Date	31/08/2021

1. SOLIDWORKS Product Activation (Server)

- Start SolidNetWork License Manager (Start > Programs > SOLIDWORKS version > SolidNetWork License Manager > SolidNetWork License Manager Server).
- When prompted to activate, click yes.
- > If your company uses a firewall, select a firewall is in use on this server.
- Use the default value for Port Number (and for Vendor Daemon Port Number if you have a firewall) or specify the port numbers your company uses.
- The port number is a TCP/IP port number in the 1024-60000 range, used exclusively by this process.
- Normally, the default (25734) is suitable and is unlikely to be the same as any other FLEXnet server process currently on the license manager computer
